@ = Athlete also appears in main list.

The marks for Bogomolov (6651), Iyevlev (6643) and Digayev (6387) were reportedly 5807, 5800 & 5600 on the '52 Tables.

Note that the mark for Volkov of 7365 appearing in USSR lists is almost certainly his Olympic performance inaccurately rescored with the 1934 tables - his Helsinki effort on the 1934 tables equated to 7361.

The initial 1952 lists which appeared in the 1953 ATFS Annual have been updated as follows:

Where known, full birthdate and height/weight data have been added

Indoor marks have been integrated into the main lists for the Jumping events and the Shot Put.

Where relevant, indoor marks have been added at the end of track events in a supplement.

For imperial distances for 1 to 6 Miles, the equivalent [and unofficial] mark for the nearest metric event has been shown in parentheses, with a note to explain how the mark was calculated.

Relay events have been extended to show the top-20 nations in the 4x100 and 4x400
