In 1500m equivalent column items marked in red represent 1500m equivalents superior to marks appearing in 1500m lists, items in black are inferior to 1500m best for athlete, while items highlighted in yellow are for athletes not appearing in 1500 list. The equivalents are shown to the level of 100th in the 1500m lists.

In total there are 124 athletes at 3:48.0/4:06.2y or better.

The 1962 ATFS Annual included athletes from 51st [4:06.6] to 102nd [4:09.3].

1500m equivalents have been taken as the Mile time multiplied by 0.926

Notes

The initial 1961 lists which appeared in the 1962 ATFS Annual have been updated as follows:

Where known, full birthdate and height/weight data have been added

Indoor marks have been integrated into the main lists for the Jumping events and the Shot Put.

Where relevant, indoor marks have been added at the end of track events in a supplement.

Additional marks and corrections to the 1961 lists have been shown in red.

For imperial distances for 1 to 6 Miles, the equivalent [and unofficial] mark for the nearest metric event

has been shown in parentheses, with a note to explain how the mark was calculated.

Relay events have been extended to show the top-20 nations in the 4x100 and 4x400
