In 1500m, equivalent column items marked in red represent 1500m equivalents superior to marks appearing in 1500m lists, items in black are inferior to 1500m best for athlete, while marks highlighted in yellow are for athletes not appearing in 1500 list. The equivalents are shown to the level of 100th in the 1500m lists. In total there are 141 athletes at 3:50.9/4:09.3y or better. The 1957 ATFS Annual included athletes from 62nd [4:09.4] to 101st [4:12.4]. 1500m equivalents have been taken as the Mile time multiplied by 0.926 100th is at 3:49.4 [equivalent to 4:07.7 for 1 Mile]

**The initial 1956 lists which appeared in the 1957 ATFS Annual have been updated as follows:**

Where known, full birthdate and height/weight data have been added

Indoor marks have been integrated into the main lists for the Jumping events and the Shot Put.

Where relevant, indoor marks have been added at the end of track events in a supplement.

For imperial distances for 1 to 6 Miles, the equivalent [and unofficial] mark for the nearest metric event has been shown in parentheses, with a note to explain how the mark was calculated.

Relay events have been extended to show the top-20 nations in the 4x100 and 4x400
